“Verena’s profound due diligence and deep understanding of me, personally and professionally, and the quality service I wish to offer through premier vocational experts, has been inscribed on every word and image on my website, eNewsletters, proposals, promotional materials, and social media presence. Without her dedication to communicating the right and honorable message, I would still be pondering how to describe my mission and services. Over the years, I’ve witnessed Verena’s fearless and uncanny ability to jump into the fray and synthesize meaningful concepts from seemingly random thoughts or comments. My life care planning & rehabilitation services firm has benefitted greatly from Verena’s exceptional convention management, organizational development, and business acumen. We highly recommend Verena and Vibrant Visions International especially if you wish to develop a strong marketing communications program and process for your brand recognition, business development and growth!”
Brian Daly, MS, CRC, LRC, CLCP, ABVE/D, IPEC, Premier Vocational Experts LLC

“Verena can really help legal vendors and lawyers like she helps me! Because she’s got a solid knowledge of the legal industry, she jumped right in, and I didn’t have to educate her on the topics we wanted to address. Verena is efficient, capable, talented, and listens acutely. She’s always executed our marketing and branding projects perfectly, getting the much-needed exposure I desired. I would recommend her to anyone who needs a jumpstart getting their name out there, marketing and PR campaigns within the legal field. If interested, please call me for a reference.”
